OBAJOMILOJU AKINWANDE T.

Ibadan, Nigeria   +234 803-200-4334   obathedev@gmail.com

PROFESSIONAL SUMMARY

Highly skilled web3 frontend developer with expertise in blockchain technology, smart contracts, and decentralized applications. Proven track record of building intuitive and seamless user experiences with Web3.js, Ethers.js, and various blockchain frameworks.

EDUCATION

BSc Computer Science, Bowen University   *Expected Graduation: Nov 2027*

Computer Science CGPA: 4.16

EXPERIENCE

Paragone, Nigeria

Web3 Frontend Developer,   *March, 2022 – April, 2024*

- Built 10+ responsive and interactive decentralized applications (dApps) using React, Next.js, and Web3.js.
- Designed and developed reusable React components and hooks for blockchain-based UI elements.
- Integrated Web3.js and Ethers.js libraries into React and Next.js applications for secure blockchain interactions
- Implemented responsive design and accessibility features to ensure a seamless user experience across various devices and platforms.
- Utilized React's state management and Next.js's internationalization features to build scalable and user-friendly web3 applications.

Parach, Nigeria

Frontend Developer,   *December 2020 – December 2021*

- Designed and developed responsive, user-friendly interfaces for Parach's e-commerce web applications using HTML, CSS, and JavaScript.
- Built and maintained high-performance frontend applications on CMS platforms (e.g. Shopify), ensuring efficient architecture and optimized user experiences.
- Collaborated with designers and product managers to develop custom e-commerce features and functionality, aligning with Parach's product vision.
- Implemented best practices in frontend development, ensuring accessibility, scalability, and maintainability of Parach's e-commerce web applications on various CMS platforms.
- Designed and developed user-centered interfaces, leveraging user research and feedback to inform design decisions and improve overall user experience.

SKILLS

Programming Languages/CMS

- JavaScript (ES6+)
- HTML/CSS
- Python
- Shopify/ Wordpress

Frameworks/Libraries

- React/Next.js
- Tailwind/Bootstrap
- Web3.js
- Ethers.js
